Targus

Product Specification Sheet

Targus 15.6 Hughes™ Laptop Case

Part #: TET029EU

Product Description:

The Targus 15.6" Hughes Laptop Case is designed to fit laptops with up to 15.6" screens. The Integrated Laptop Protection System provides additional shock absorption when compared with standard foam cases. To ensure quality and durability, the strong, water-resistant fabric with stain-guard coating is designed to help protect valuables during wet weather and has been abrasion tested. The durable, reinforced bottom is also water-resistant and provides a smooth, durable surface to help prevent tears or snags due to daily usage. For a customised, ergonomic fit, the soft-grip oil-tanned leather handles mold to your hand as you use the case. To keep accessories scuff-free, the case features scratch-resistant micro-suede lined accessory pockets. The curved, ergonomic zipper pulls are easy to grip and feel comfortable to manoeuvre. For added convenience, the luggage strap makes it easy to attach the case to rolling luggage and the padded shoulder strap is both adjustable and removable. Constructed of nylon material with oil-tanned leather accents, this case utilises top-grade materials to integrate a sophisticated style with the functionality of a day-to-day executive case. Oiled Leather: The process of oiling leather dates back hundreds of years. After smoothing the surface, this quality leather is then infused with natural oils to create a highly durable yet supple material that continues to develop, soften and conform to your body for a comfortable, ergonomic fit.
